The Rev. Glen Ross of Greenacres, Royal Ambassador leader for the Baptist Palm-Lake Association, was guest speaker at a Junior RA father and son banquet given at the Pahokee First Baptist Church by the Baptist Brotherhood group, RA sponsor. He was introduced by Mrs. Horace Unwin, young people's leader.

A musical program was presented by the Uptegrove Quartet and the Rev. and Mrs. V. F. Oglesby.

The RA boys opened the program with the group singing of "King's Business" and "Giving a Thing." Their counselor, Mrs. W. H. Kemp, joined them in the closing comradeship circle and benediction.

The RA colors of royal blue, gold and white were used in the table decorations which featured arrangements of gold gladioli.

At a brief business session of the Auxiliary, with Mrs. Betty Holman, president, presiding, Mrs. Isabelle McKinstry was appointed chairman of the annual Poppy Day drive to be held on May 3.

Mrs. Holman was named a delegate to represent the group at the annual district conference of the Auxiliary in Lake Worth April 13.

The date of the monthly joint meeting and supper with Post 90 was changed from Monday to the first Saturday night of each month.

Mrs. S. A. Williams has returned to her home in Canal Point after undergoing surgery at St. Mary's in West Palm Beach.

Pahokee Band Will Play At C. P. PTA

The Pahokee High School Band under the direction of Bandmaster Robert O. Lampi will present a concert at the March meeting of the Canal Point Parent-Teacher Association in the school auditorium Monday, Mar. 7, at 8 p. m. President Phelix A. Slonaker will preside.

Boy Scout Troop 28 Gets New Members

The newly reorganized Pahokee Boy Scout Troop 28 held its second meeting with its new scoutmaster, Louis Mims, Tuesday night when eight additional boys joined the troop, increasing the enrollment to 25.

Senior members of the troop have been busy the past two weeks preparing a new meeting place and playground. Scoutmaster Mims, who also serves at PTA institutional representative for Cub Pack 23 and is a member of the City Council, is letting the troop use the 30 by 40-foot building adjoining his machine shop on the south as a regular meeting place. The building, which includes special shelf compartments for the storing of troop camping gear and playground equipment, has been given a thorough house cleaning in keeping with the best traditions of Scouting. The 75 by 150-foot vacant lot adjoining on the south has been cleaned up also by the scouts (continued on page 8)

Classical Columns Adorn New Church

Work on the impressive facade of the new Pahokee First Baptist Church sanctuary has been in progress during the past week under the direction of Joe Cassellius, contractor. Four 22-foot classical columns were installed to support the roof of the portico and two half columns frame the large doors at the front entrance.

The installation of windows and the stuccoing of the exterior of the concrete-block building come next in the construction program, according to Wiley Trills, the church's building fund chairman, who expressed the hope that there will be no more delays in the building of the sanctuary so that it can be completed as soon as possible. He is reminding members and friends of the church that the entire offerings on Easter Sunday, April 17, will go into the fund for the new sanctuary.

Fish Fry Benefit By Church Of God

A benefit fish fry will be held at the Church of God in Barfield Highway on March 11 from 5:30 until 9 o'clock, according to church officials. The menu will be made up of fried fish, hush puppies, baked beans, cole slaw and coffee or tea. A charge of \$1.00 will be made for adults and 50c for children. Proceeds from the affair will go into the church's building fund. A cordial invitation is extended to everyone to be in attendance. During the evening the Uptegrove Quartet will sing a few songs.

Propose Purchase Of Additional Land For Waterworks

Robert B. Simonson, waterworks commissioner, recommended at the meeting of the Pahokee City Council Monday night that the city purchase two vacant lots adjoining the city waterworks grounds, one 50 by 78 feet, owned by J. J. Chastain, and the other, 56 by 88 feet, owned by Abe Dobrow. Simonson, who pointed out the need of this additional land in case of an expansion of the waterworks plant in the future, was authorized to contact the owners of the lots and determine what funds will be necessary for the city to enter contract for the purchase. He was asked to report on this matter at the next meeting.

City Attorney Ralph O. Johnson was asked to draft two bills which the city would like to have passed in the next session of the State Legislature, one legalizing the city's participation in the present tri-city management and operation (continued on page 8)

Track Team Will Represent PHS

Cosch William D. (Bill) Howard started Monday the training of a Pahokee High School track team to compete in various track meets this spring.

Howard lost two of his track men through graduation last spring, Robert Goodson, the second best high school miler in the State, and Buford Justice, who ranked high in the State in dash competition. Ronnie Goodson, following his brother's footsteps, has started training for the mile run and at the present time Hal Rosenberg is the best prospect for succeeding Justice in the 100-yard dash. Rosenberg is also trying out for the low hurdles, shot put and broad jump.

Other track men reporting for training include Earl Meredith, relays and pole vault; Jerry Roberts, relays and the 220; Jim Seay, the 440; James Stamps, the 880; Dow McClelland, relays; Richard Weeks, relays; Fred Blakey, Homer Latham and Billy Culbertson.

The team will line up against its first competition on Thursday, Mar. 10 in a quadrangle meet of West Palm Beach, Seacrest, Fort Pierce and Pahokee teams at West Palm Beach.

Red Cross Drive Starts On March 14

The annual American Red Cross fund-raising drive will get underway in the Pahokee-Canal Point area with a kick-off breakfast for group chairman and workers Monday, Mar. 14, according to C. A. Batchelor, general chairman for the drive in this area.

This year's quota for the Pahokee-Canal Point area is \$1450. Mrs. Hugh Branch and C. R. Wetherington, Jr., have volunteered to serve as group chairman for Pahokee but as yet Mr. Batchelor has been unable to find a group chairman to organize the workers in Canal Point.

Bessemer Builds Fruit Stand, Station

Bessemer Properties, Inc., of Fort Mayaca is building a \$5 by 42-foot concrete block building on the corner lot where SR 76 joins SR 15 and US 441 south of the highway bridge across the St. Lucie Canal. In the center of the building will be a commissary, at one end, a filling station and at the other, a fruit stand.

Run-Off To Decide B. Glade Election

A run-off election in the City of Belle Glade will be held next Tuesday to determine who shall serve the unexpired term of Harold Rabin, who recently resigned from the city council on account of ill health. Eugene Ellis, age 23, received 332 votes and William A. Thibaud received 289 in Tuesday's special election. William C. Young received only 128 votes, but it was enough to throw the election into a run-off.

A total of 761 votes were cast out of a registration of 1500. Mr. Rabin resigned in January following the second heart attack within the past few months. He was serving as mayor at the time of his resignation.

Clarence Robinson, who came to Belle Glade from Maine, took over as city manager Tuesday—the first of the month. He succeeds Tom Carle who was fired by the councils in December. Mr. Robinson's wife is operating a motel in Lakeland at present and will join him later.

County Fair Opens Tomorrow 1 P. M.

Tomorrow will make the beginning of Palm Beach County Fair week when at 1:00 P. M., Grand Opening ceremonies will be staged at the Speedway Fair Grounds, eight miles west of West Palm Beach on SR 80.

Everything is bigger and better than ever before, the fair officials say, from the greatly enlarged Midway with new thrill rides and fun shows to the daily activities aimed at pleasing every member of the family.

Youngsters will get the biggest break, with an all-county bike jam-boree scheduled to start immediately following the grand opening and a special school day (with schools out all over the county) on Monday afternoon. The bike events will carry prizes and ribbons for five big classes of competition and contestants will be grouped according to their grade in school—the fourth through ninth grades. Admission will be free to contestants and to all boys and girls belonging to a recognized organization such as Boys and Girls Scouts on Saturday and all school kids Monday afternoon.

In forty acres of Fair Grounds there will be some 18 acres of free parking space, and exhibit space will be increased by such additions as one acre of farm implements, one thousand square feet of beautified patio area and other such additions. Industrial, commercial, home, school, shows, agriculture and governmental shows will be more numerous and bigger, according to Lamar Allen, Fair Manager.

Baptist Revival Plans Completed

Arrangements have been completed by officials of the Canal Point Baptist Church for the revival scheduled to start Sunday, March 6. Rev. B. Elmo Scoggin, former pastor of the church, will do the preaching. Singing will be directed by the church pastor, Rev. Joe Clements.

Services will be held twice daily—at 7:30 a. m. and at 7:30 p. m. A nursery will be provided at night for the babies and young children. A cordial invitation is extended by the church to every one to attend the meetings.

Rev. Scoggin and his wife were appointed as missionaries to Israel in 1949 by the Foreign Mission Board of the Southern Baptist Convention. They served for a while as co-directors of the Trust Home for Children in Nazareth. At the present time the Scoggins are home on furlough, and are residing in Louisville, Kentucky.

Monday night has been specified as "Rotary Night" as Rev. Scoggin was a member of the Pahokee Rotary club when he lived in Canal Point. Several Rotarians plan to attend. During his sojourn in Israel he was his honorary member of the club and attended Rotary in several different cities.

State Highway 700 Condition Brings Lions' Criticism

The Canal Point Lions Club at the dinner meeting Monday night voted to enter a vigorous public protest against the present condition of the eight-mile stretch of SR 700 (Conners Highway) running from Twentymile Bend northeast toward Canal Point. The Brinson Construction Company, which has the contract for rebuilding this stretch of highway, has the road torn up to the extent it is both dangerous and hard on a car to drive over it and the Lions are indignant because the contractor, after getting the roadbed in this almost impassable condition, has apparently ceased work on it, since little has been done on its construction for the past three weeks.

President Osceola Uptegrove named J. G. Weeks, H. G. Boynton, and H. H. Sears on a special committee to find out why this road construction work was stopped and what can be done to get the work resumed immediately.

The State Road Department, in a letter to the club read at the meeting, reported it is checking on the need of a traffic light at the intersection of Temp US 98 and US 441 in Canal Point, however, before such a light can be installed it must be approved by the County Commission, as Canal Point is not an incorporated town. A petition for the installation of this light as a safety measure for local school children as well as motorists was sent to SRD by the club several weeks ago.

UNDERGOES SURGERY

Eddie Crosby, infant son of Mr. and Mrs. Raymond O. Crosby, who recently underwent surgery at Good Samaritan Hospital, West Palm Beach, was brought back home by his parents Sunday and it is reported he is feeling much better.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The Birdsall Construction Company, with a price of \$113,978, was the apparent low bidder of nine firms who submitted bids Monday for construction of a new county administration building.

The bids were received by the County Commission and were later turned over to County Engineer Steve Middleton for tabulation. Prices for the new construction to be built in West Palm Beach and house several county offices, ranged from \$165,341 to the low submitted by the Birdsall firm of Palm Beach.

The new building when completed will serve as temporary quarters for the county commission and other offices located in the east wing of the court house which will be remodeled this year.

In connection with the building

program, the commission this week adjourned its meeting until Wednesday when it will meet again to accept bids from bond houses for a \$1,000,000 bond issue which will finance the building program.

In addition to the administration building bids, the commission this week had under study, bids for construction of a new air-freight room at International Airport, purchase of a Dictaphone machine for County Investigator John Hiatt; bids for several cars and trucks and bids for aerial maps of a section of the county.

Bids this week, also included proposal to buy a small dredge which the county owns and familiarly known as "Barney." Barney went to the Square D Ranch for \$12,660—some \$7,000 higher than the next

Would Alleviate Plight Of Cane Growers In Area

CLEWISTON—At a meeting last week between U. S. Sugar Corporation officials and independent cane growers of the Everglades, a program was explained which domestic growers have been working on to help alleviate the plight of reduced cane acreage by government decree.

Harry T. Vaughn, executive vice president of U. S. Sugar Corporation, explained the program which has been agreed upon by growers of Florida, Louisiana, the far West and Hawaii. The program is now in the hands of Secretary of Agriculture Benson who will formulate it into a bill for introduction to Congress.

Heart of the proposed program is a provision which would give to domestic growers some of the increased U. S. consumption of sugar which now goes to foreign areas, chiefly to Cuba.

Vaughn pointed out that U. S. Sugar Corporation was cut 3,200 acres this year with an additional cut of 2,500 acres scheduled for next year. All growers, Vaughn explained, have proportionate reductions.

Secretary Benson estimates U. S. consumption of sugar this year will be 8,200,000 tons. If consumption exceeds the estimate by an expected 165,000 tons, the proposed program would give 8,000 tons of the increase to Florida and Louisiana growers and 8,500 tons to western growers in the beet areas.

Because of marketing quotas U. S. Sugar Corporation stored 21,000 tons last spring in a new warehouse which it constructed at a cost of approximately \$235,000. "This year," said Vaughn, "we will store an additional 10,000 tons. This means at the end of this crop we will have on hand 31,000 tons of sugar which we will have to store until January 1, 1956."

Release of the 165,000 tons over the crop estimate to domestic growers instead of Cuban sugar interests would help alleviate a serious plight of over-production being experienced by sugar producers.

Bridal Shower For Mrs. John C. Wright

Mrs. Bill Evans, Mrs. A. H. Scruggs, Mrs. Wade Ammons and Mrs. J. E. Williams entertained at Mrs. Ammon's home north of Canal Point Thursday night of this week with a party and bridal shower in compliment to Mrs. John C. Wright who before her marriage to T-Sgt. Wright in Valdosta, Ga., on Jan. 29, was Patsy Maurer. T-Sgt. and Mrs. Wright are making their home in the Todd apartments in Canal Point while he is stationed by the U. S. By Malcolm Millar

Hello everybody! Lucille Knoch has the unique distinction of literally having "backed" into pictures. She turned the trick in "The Bad and the Beautiful" when she slithered out of a low-slung convertible hips first—in reverse. She also did a rhumba with her back to the camera. This proved the magic combination that lifted her from Red Skelton's television show into movies. Born in Nashville, Tennessee, Lucille had found her Southern background an asset in making friends but a drawback in getting screen assignments. "A Southern accent can be a great conversation piece," she says. "The minute I opened my mouth, the inevitable question concerns what part I'm from, and the conversational ice is broken. But getting a screen role is something else again. There just aren't enough parts for girls with Southern accents." Miss Knoch isn't worried about losing her Dixieland brogue entirely. "All I have to do is put in a long distance call to my mother in Nashville," she says. "At the end of five minutes I am drawing as thick as ever. See you at the movies—Mal."

Eastern Star Has A Special Program

Mrs. Eleanor Holden presented a special program honoring past matrons and past patrons of the Pahokee Chapter, Order of Eastern Star, at a chapter meeting in the Masonic Hall Thursday night of last week. New Scoutmaster Entertains His Group

Louis Mims, new scoutmaster of the newly reorganized Pahokee Boy Scout Troop 28, took his scouts on an overnight camping trip to Fish-eating Creek over the weekend, leaving Saturday noon and returning Sunday afternoon. The trip was made in Mr. Mims' large truck which he has fixed up with special sideboards to carry his scouts on field trips.

The scouts enjoyed games, participated in competitive camping and cooking technique and had good luck fishing, pulling in bream, catfish and bass. The troop was accompanied on the trip by George King of Belle Glade, Glades District commissioner for the Gulf Stream Council.

Scouts making the trip were Gene Pearce, Leon Beede, David Stanford, L. J. Crews, Eugene Crews, Dale Rosenberg, Carol Watson, Lester Lindrose, David Riddle, Larry Beede, Jeff Barwick, Calvin Watson, Robert Lindrose, Jerry Lindrose, Billy Mackey and Alton Sims.

House Speaker Ted David in a recent statement said Florida school teachers may have to be satisfied with a \$100 a year salary increase instead of the \$2500 they want.

THE Right MIX FOR EVERY JOB

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as sound today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good-Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 cash. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

"Remember what Poor Richard says:
Many a Little makes a Mickle."

Man's God-given dominion over fear, disease, and discord will be brought out at Christian Science services Sunday.
The Scriptural selections in the Lesson-Sermon entitled "Man" will include the following from Psalms (34:6): "What is man, that thou art mindful of him? and the son of man, that thou visitest him? . . . Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet."

Key to the Scriptures by Mary Baker Eddy the following passage will be among those read (228:11-15): "The enslavement of man is not legitimate. It will cease when man enters into his heritage of freedom, his Godgiven dominion over the material senses. Mortals will some day assert their freedom in the name of Almighty God."
The Golden Text is from Ecclesiastes (7:29): "Lo, this only have I found, that God hath made man upright."

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest semi-annually by Treasury check.
